25X1 2. [] JSW) Met with Tom Keena in Representative Emilio Q. Daddario's office mentioning that Daddario's letter of last fall to the Director asking for comments on Daddario's proposals for a Joint Committee on CIA had not been answered but that if the Congressman were still interested possibly he would like to meet with the Director at some time in the future. Keena stated Daddario was still very interested in this subject but was extremely busy at this time. He furnished me with a copy of the statement that Daddario had prepared for delivery at Mr. McCone's confirmation hearings in the Senate in January 1962. We will leave action with Daddario's office.

25X1 3. [] - JSW) A secretary in the office of Representative Robert B. Chipfield (R., Ill.) telephoned saying that the [] had requested contact be made with the Agency requesting the forwarding of a copy of his clearance to a military post where he is taking two weeks active duty. []
25X1 [] However, I informed the Congressman's secretary that we did not issue clearances as such which could be forwarded to other points. I explained the general set up of clearances within the Government generally indicating that it was not applicable in a two-week active duty type situation. She seemed to understand and will let us know if anything further is needed.
